

MINUTES
Regular meeting of Rolling Fields City Commission
July 19, 2007

Those present – Mayor Bill Conway, Commissioners Beth Moffett, Cliff Krawiec, Lynn Risley, Carolyn Wetterer, Clerk Pro-tem Brenda Conway, Lieutenant Mike Clark.

Police Report: Lieutenant Clark reported that all was quiet in Rolling Fields. There were break-ins at Dolls and Dairy Mart. Dairy Mart was easy due to construction.

Prior Meeting minutes: Commissioner Risley motioned to approve June 15, 2007 minutes – Commissioner Moffett second. Motion passed.

Attorney on “as needed” basis: Commission unanimously agreed to use John Singler on an as needed basis. “Just what we need” for specific questions.

Codification of Ordinance Book: Mayor Conway reported that grants for codification had been suspended but that they were going to be offered for the year 2008-09. He will be putting in a request this September. We anticipate the grant will be authorized and Ordinance book will be codified next year.

Brownsboro Road “safety”: Commissioners Risley and Moffett reported that they had attended Councilperson Fleming’s most recent public forum. Nothing was discussed that would be of any objection to the City. Mayor Conway has invited Councilperson Fleming to August meeting to give the Commission a more complete status report.

Newsletter: Mayor Conway reported that Resident Kent Oyler has taken a keen interest in upgrading the City newsletter. Kent has proposed a summer issue that has a wider variety of articles and the use of more photos. Commission was appreciative. Mayor Conway will try to sustain his interest.

416 Country: Long vacant and seriously deteriorating property. Mayor Conway will call owner and appeal for clean-up.

Commercial landscaping: Mayor Conway will call John Singler to see if there is a “standard” city ordinance that restricts the times commercial landscaping firms can work.

Being no further business, meeting adjourned 8:10 p.m.
