

MINUTES
Regular Meeting of Rolling Fields City Commission
6:30 p.m. at 2nd Presbyterian Church
March 11, 2010

Those Present: Mayor Bill Conway, Commissioners Beth Moffett, Carolyn Wetterer, Clerk Rachel Schrepferman, Chief Kelly Spratt

Police Report: Submitted for consideration; no activity to report except for three citations. As an aside, from the Rite Aid robbery of the pharmacy, a suspect was caught and in custody from a subsequent robbery to another pharmacy.

February Minutes: Motion to approve and unanimously approved. There was a quorum present to appoint Rachel Schrepferman as Rolling Fields Clerk. Carolyn Wetterer made the motion for the appointment to fill the Clerk's position. Beth Moffett seconded the motion and the motion passed unanimously.

2nd Presbyterian Initiative: Susanne Wright, a volunteer at 2nd Presbyterian Church has initiated a program where the church would serve as a staging area and aid center in the event of a natural disaster for residents in need as well as the crews in the area to repair any damage. Chip Snyder, a Rolling Fields resident, serves on this committee at 2nd Presbyterian and will serve as a conduit for our neighborhood should this need arise. The letter from Ms. Wright was submitted to the Commission for consideration. Mayor Conway was going to attend their meeting on Thursday, April 8 at 4:00 p.m. to offer support from Rolling Fields and to learn more about the initiative. It was determined that this program should be highlighted on the Rolling Fields website as well as in our newsletter.

Roads and Infrastructure: Mayor Conway will be taking a complete tour of Rolling Fields with Joe Dougherty (a Rolling Fields resident) of Louisville Paving Company to determine any trouble spots in need of repair after the winter months.

Bauer Property Update: Mayor Conway's last conversation with Preservation indicated that no elevations have been submitted for consideration. Elevations and a formal request will be required for Architectural Review Committee (ARC) and Board of Zoning Adjustments (BOZA) review. If ARC and BOZA approve, the application would go to Preservation for a public meeting. No date has yet been set for the elevations or a subsequent public meeting. The Commission is poised to pass along any information that becomes available to our residents.

Tree Program: Commissioner Beth Moffett has agreed to serve as head of the Tree Program and Brenda Conway will pass along the information regarding this program to Beth.

Adjournment and Next Meeting: The meeting was adjourned with motion and unanimous vote at 6:55 p.m. The next meeting is scheduled for Thursday, April 15 at 6:30 p.m. (postponed one week due to a number of attendees being out of town on 4/8).

Respectfully submitted by:
Rachel Schrepferman, Rolling Fields City Clerk
April 15, 2010
